

Jessica Kill

Sum 41

Don't know my love how do I explain how I've come to feel this way
I'm addicted to the pain even more than words can say
Every hit hurts like your kiss, like a needle to a vein
My last words are this begin I want you

She said you don't even know
How just how much I need it
How far will you go
I just wanna feel you go

You make me, so crazy
But I'm OK, just pain me
Take it very slow
'Cause I'm in love tonight

So now that it is come to this
I'll be your dirty little thrill
For the world I wouldn't miss
'Cause I just wanna feel you kiss

Self inflicted masochist
How could anyone resist
My last words are this begin
I want you

She said you don't even know
How just how much I need it
How far will you go
I just wanna feel you go

You make me, so crazy
But I'm OK, just pain me
Take it very slow
'Cause I'm in love tonight

Show me the difference between love and death
Consider them both as they take your breath
Show me the difference between love and death
Consider them both as they take your breath

And all of this comes to an end
But I cannot resist your death

She said you don't even know
How just how much I need it
How far will you go
I just wanna feel you go

You make me, so crazy
But I'm OK, just pain me
Take it very slow
'Cause I'm in love tonight

She said you don't even know
How just so much I need it
How far will you go
I just wanna feel you go

You make me, so crazy
But I'm OK, just pain me
Take it very slow
'Cause I'm in love tonight
