

## Walking Disaster

Sum 41

I haven't been home for a while  
I'm sure everything's the same  
Mom and Dad both in denial  
An only child to take the blame

Sorry, Mom, but I don't miss you  
Father's no name you deserve  
I'm just a kid with no ambitions  
Wouldn't come home for the world

Never know what I've become  
The king of all that's said and done  
The forgotten son

This city's buried in defeat  
I walk along these no-name streets  
Wave goodbye to home

As I fall...

At the dead-end I begin  
To burn a bridge of innocence  
Satis guaranteed faction  
A pillow-weight catastrophe

Our own mission nowhere bound  
Inhibitions underground  
A shallow grave I  
Have dug all by myself

And now I've been gone for so long  
I can't remember who was wrong  
All innocence is long gone  
I pledge allegiance to a world of disbelief  
Where I belong

A walking disaster  
The son of all bastards  
You regret you made me  
It's too late to save me  
(You regret you made me  
It's too late to save me)

As far as I can tell  
It's just voices in my head  
Am I talking to myself?  
'Cause I don't know what I just said

(And she said)  
As far as where I fell  
Maybe I'm better off dead  
Am I at the end of nowhere  
Is this as good as it gets?

And now I've been gone for so long  
I can't remember who was wrong  
All innocence is long gone

I pledge allegiance to a world of disbelief  
Where I belong

A walking disaster  
The son of all bastards  
You regret you made me  
It's too late to save me  
(To save me, to save me, to save me, ...)

("It's too late")

To save me, to save me, to save me, to save me

And now I've been gone for so long  
I can't remember who was wrong  
All innocence is long gone  
I pledge allegiance to a world of disbelief  
Where I belong

A walking disaster  
The son of all bastards  
You regret you made me  
It's too late to save me

I will be home in a while  
You don't have to say a word  
I can't wait to see you smile  
Wouldn't miss it for the world

I will be home in a while  
You don't have to say a word  
I can't wait to see you smile  
Wouldn't miss it for the world
