## **Walking Disaster**

I haven't been home for a while I'm sure everything's the same Mom and Dad both in denial An only child to take the blame

Sorry, Mom, but I don't miss you Father's no name you deserve I'm just a kid with no ambitions Wouldn't come home for the world

Never know what I've become The king of all that's said and done The forgotten son

This city's buried in defeat I walk along these no-name streets Wave goodbye to home

As I fall...

At the dead-end I begin To burn a bridge of innocence Satis guaranteed faction A pillow-weight catastrophe

Our own mission nowhere bound Inhibitions underground A shallow grave I Have dug all by myself

And now I've been gone for so long I can't remember who was wrong All innocence is long gone I pledge allegiance to a world of disbelief Where I belong

A walking disaster The son of all bastards You regret you made me It's too late to save me (You regret you made me It's too late to save me)

As far as I can tell It's just voices in my head Am I talking to myself? 'Cause I don't know what I just said

(And she said) As far as where I fell Maybe I'm better off dead Am I at the end of nowhere Is this as good as it gets?

And now I've been gone for so long I can't remember who was wrong All innocence is long gone I pledge allegiance to a world of disbelief Where I belong

A walking disaster The son of all bastards You regret you made me It's too late to save me (To save me, to save me, to save me, ...)

("It's too late")

To save me, to save me, to save me, to save me

And now I've been gone for so long I can't remember who was wrong All innocence is long gone I pledge allegiance to a world of disbelief Where I belong

A walking disaster The son of all bastards You regret you made me It's too late to save me

I will be home in a while You don't have to say a word I can't wait to see you smile Wouldn't miss it for the world

I will be home in a while You don't have to say a word I can't wait to see you smile Wouldn't miss it for the world
