## Down

## Summer Camp

Cold nights, so sick of cold nights Of wasting all my life In a black house where I grew up

Hold tight, keep saying hold tight I don't know what I'm waiting for When it comes I still want more

And I've been locked away these great great days And the time we spent is not our own anymore

This is my life, my life, my life Or this is your life, your life, your life This is my life, my life, my life Or this is your life, your life, your life

As the world turns to 3 a.m. Spinning round there's no hope anymore Oh oh down Oh oh down Oh oh down down

You say you're tired Yeah, you say you're tired And you don't know what to do What to do cause it's all on you You say you're tired Keep saying you're so tired And you don't know what to do when you're falling down Down, down, down to the ground And as the darkness falls faster on today

This is my life, my life, my life This is my life, my life, my life As the world turns to 3 a.m. This is my life, my life, my life Or this is your life, your life, your life This is my life, my life, my life Or this is your life, your life, your life

And as the world turns to 3 a.m. Spinning round there's no hope Spinning round there's no hope anymore Oh oh down Oh oh down Oh oh down Oh oh down
