

Cry Murder

Sumo Cyco

Gonna go off on a tangent
Like a bandit
Thief in the night
But I caught you red handed
Off on a tangent
Like a bandit
Thief in the night
But I caught you red handed
You red...

There is something wrong here
Wrong here
Yeah you like to play on my fear
On my fear
Don't believe what I hear
It's unclear
Think once think twice
And fight for what you hold dear
Took a look around found
They're trippin' on the power
Feedin' all people a vision of a lie liar
You devour
Load it
Cock it fire
Think we're all expendable
We're building an empire

You can't deny it
Let's start a riot
Cry cry cry cry cry murder!
Cry cry cry cry cry murder!
You won't survive it
Let's start a riot
Cry cry cry cry cry murder!
Cry cry cry cry cry murder!

Force it like a plyer
A plyer
No the rules
They don't apply here
Apply here
Treat me like a number
I wonder a trick
A switch from under
Wake up to the thunder
Suffer hurt despair
Can't feel it from their chair
Give it to 'em now
And they won't give it back later
If she won't make her blackmail every hater
Order up a killing you're forgivin sing a waiver

You can't deny it
Let's start a riot
Cry cry cry cry cry murder!
Cry cry cry cry cry murder!
You won't survive it

Let's start a riot
Cry cry cry cry cry murder!
Cry cry cry cry cry murder!

Cry murder, cry murder...
Murder, murder!
Cry murder, cry, cry, cry murder
Cry murder, cry murder...

You think you control me
And I can't take it no more
So don't tell me a story
Because I've heard it before
Gonna go
Off on a tangent
Like a bandit
Thief in the night
But I caught you red handed
Off on a tangent
Like a bandit
Thief in the night
But I caught you red handed

You can't deny it
Let's start a riot
Cry cry cry cry cry murder!
Cry cry cry cry cry murder!
You won't survive it
Let's start a riot
Cry cry cry cry cry murder!
Cry cry cry cry cry murder!

Cry cry cry cry cry murder!
Cry cry cry cry cry murder!

Cry murder, cry, cry, cry murder
Murder...
Cry murder, cry, cry, cry murder
Murder...
Cry murder, cry, cry, cry murder
Murder...
