

# Loose Cannon

Sumo Cyco

You're walking suicide  
You'll make me loose my heart  
Then loose my mind  
My death will be slow  
Bleeding out the brain, oh no!  
Oh no!  
To be sane or insane, oh oh  
When you lose your mind  
Where does it go?  
It's not my fault I can't contain  
The sickness infects everything you know,  
You know!

You're mental, you're losing control!  
It's all mental they tell you, you know!  
You like metal and blood on your clothes  
So get mental and lose all control!

You're a loose cannon, you're a loose cannon  
Fire with abandon  
You're a loose cannon  
(Rule the world) On the loose, on the loose, yeah  
(Rule the world) You're a loose cannon!

Like an automatic gun  
You're so dangerous  
Spoil all the fun  
You'll take all my pain away  
But I won't see another day the same,  
Same way.  
You've got a hold on my fear, oh dear  
When I know you've got the moves to makes me disappear  
Like I've been lobotimized  
When you look into my eyes, oh my  
Don't die!

You're a loose cannon, you're a loose cannon  
Fire with abandon  
You're a loose cannon  
(Rule the world) On the loose, on the loose, yeah  
(Rule the world) On the loose, on the loose!  
You're a loose cannon, you're a loose cannon  
Fire with abandon  
You're a loose cannon  
(Rule the world) On the loose, on the loose, yeah  
(Rule the world) You're a loose cannon!

At the edge of the world  
Feel the fear running down your spine  
Can I ask you if you crazy enough to jump this time?  
At the end of the world!  
At the end of the world!  
At the end of the world!

You're a loose cannon, you're a loose cannon  
Fire with abandon  
You're a loose cannon

On the loose, on the loose yeah  
On the loose, on the loose

You're a loose cannon, you're a loose cannon  
Fire with abandon  
You're a loose cannon  
(Rule the world) On the loose, on the loose, yeah  
(Rule the world) On the loose, on the loose!  
You're a loose cannon, you're a loose cannon  
Fire with abandon  
You're a loose cannon  
(Rule the world) On the loose, on the loose, yeah  
(Rule the world) You're a loose cannon!

On the loose yeah  
You're a loose cannon!  
On the loose yeah  
You're a loose cannon!  
On the loose, on the loose yeah  
You're a loose cannon!  
On the loose, on the loose yeah  
You're a loose cannon!
