

Convenient Parking

Sun Kil Moon

Soon the chain reaction started in the parking lot
Waiting to bleed on to the big streets
That bleed out on to the highways and
On to others cities, built to store and
sell these rocks.
Well aren't you feelin' real dirty
Sitting in the parking lot
Soon the chain reaction started in the parking lot
Waiting to bleed on to the big streets
That bleed out on to the highways and
On to other cities, built to store and sell these rocks
Well aren't you feeling real dirty
Sitting in the parking lot
Convenient parking is way back.
Convenient parking is way back, way back.
Waiting to bleed onto the big streets
That bleed out on to the highways
And on to other cities, built to store
and sell these rocks
Well aren't you feelin' real dirty
Sittin' in the car with nothing
Waiting to bleed on to the big streets
That bleed out onto the highways
And on to other cities
Built to store and sell this nothing.
Convenient parking is way back, way back.
Convenient parking is way back, way back.
