

Call me  
The sign  
Rise and shine  
Strange promenade with  
Eyes closed  
I thought I'd write the book of  
Climbing  
I'm trying

Alone  
While my eyes  
I now you're coming back  
I can climb without you  
I spoke bad poetry  
The wrong way, you said  
Lay down in my hands  
Where promises will never break

But I've lived through  
Lay down my life's broken  
My lips feel  
Incomplete without love  
So I go on  
And set my life before you  
Oh

I'm lost in you  
Open my eyes  
You set me free  
Won't lift me up  
You held me  
I'm lost in you  
You're Jesus
