

Better Bad Idea

Sunny Sweeney

Let's wash our dirty minds
With a bottle of white wine
Do some things that we can't take back
Cross every single line
Get higher than a kite
Baby, what do you say to that?

In the corner of this black heart
A full deck of wild cards
Tell me, are you scared to make a bet?
Are you in or are you out
With all the sins I'm thinking about?
Or do you have a better bad idea?

You always play it safe
No need to be afraid
I won't bite unless you want me to
No pain, no gain
That's what the people say
And I don't believe that I believe that's true

In the corner of this black heart
A full deck of wild cards
Tell me, are you scared to make a bet?
Are you in or are you out
With all the sins I'm thinking about?
Or do you have a better bad idea?

Let me in on your better plan
If you've got one, baby I'm all in

In the corner of this black heart
A full deck of wild cards
Tell me, are you scared to make a bet?
Are you in or are you out
With all the sins I'm thinking about?
Or do you have a better bad idea?

Or do you have a better bad idea?
Or do you have a better bad idea?
