

Carolina On The Line

Sunny Sweeney

Didn't I give you a reason? Why can't you believe it?
This just ain't me leavin' for a while
Almost back to Dallas
A thousand miles sure was long enough to talk about us for one
night
Not sayin' there wasn't somethin', sayin' it meant nothin'
I ain't callin' back
So before you say "I love you" I need to say "Goodbye"
I know you're hangin' on so I'm hangin' up before you change my
mind
Texas over and out, Carolina still on the line

I don't wanna feel guilty for tryin' to be happy
Traffic lights are flashin' & it's way too late
Didn't we talk about this in Memphis?
By Little Rock you said you meant it
And here we are again and it's startin' to rain
Not sayin' there wasn't somethin' but you can't say nothin'
I ain't comin' back
So before you say "I love you" I need to say "Goodbye"
I know you're hangin' on so I'm hangin' up before you change my
mind
Texas over and out, Carolina still on the line

Tears in my eyes
The longer we talk I wonderin' if what I'm doin' is right

So before I say "I love you" I need to say "Goodbye"
'Cause I'm the one that's hangin' on so I'm hangin' up
Before I change my mind
Texas over and out
Carolina still on the line
Still on the line
Still on the line
