

Grow Old With Me

Sunny Sweeney

You're whiskey straight, I'm beer in a bottle
And you're the rock, I'm more the rolling stone
They all said we'd never fit so well together
Grow old with me, I'll keep you young forever

Well the days are long, but the years seem to fly by
Our troubles are gone, now it seems like such a breeze
Just remember all the storms we weathered
Grow old with me, I'll keep you young forever

Love don't give a damn about time
Look at the lines around our eyes
Just stand here side by side
Hang onto me for the rest of the ride
Let's live it out together
We'll be young forever

If I had one regret, it's that I didn't find you sooner
Guess I didn't know I was looking for you
I believe it's always better late than never
Grow old with me and I'll keep you young forever

Love don't give a damn about time
Look at the lines around ours eyes
Just stand here side by side
Hang onto me for the rest of the ride
Let's live it out together
We'll be young forever

When we've slowed down and the afternoons get quiet
And I've gone grey, will you look at me the same?
Love we have is broken in like leather
Grow old with me, I'll keep you young forever
Grow old with me baby, I'll keep you young forever
