

Helluva Heart

Sunny Sweeney

Hell of a way to treat a woman you oughta be scared of
I don't mind takin' the blame, baby if it's mine
I learned a lot of things I didn't wanna know
Now I see what never did show
The part of you I wanted most

You got a helluva heart,
and I got the scars
to prove what you can do
Darlin' you ripped me apart
Tell me what kinda man,
Don't give a damn
That he breaks what won't even bend
Now I know who you are
You got a helluva heart

I never did a thing to you 'cept love you
Tell me which part of that set you off
How do you keep your conscience clean,
Why'd you have to go and be so mean,
How do you sleep at night with who you are?

You got a helluva heart,
and I got the scars
to prove what you can do
Darlin' you ripped me apart
Tell me what kinda man,
Don't give a damn
That he breaks what won't even bend
Now I know who you are
You got a helluva heart

Your talk is cheap in this town
and I'm all done being weighed down

You got a helluva heart
You got a helluva heart

Tell me what kinda man,
Don't give a damn
That he breaks what won't even bend
Now I know who you are
You got a helluva heart
You got a helluva heart
