

It Wrecks Me

Sunny Sweeney

I know I'm one you loved
Just not the only one
You say that you can't resist me
I know I should just break and run
But I won't til I figure all this out
And I can't 'cause there's a chance
We could make it all work out

You're everything I've been missin'
I can't get you off my
I know it's wrong, Baby, when we're kissin'
I tell my heart everytime
But it won't stop beating for you
And it can't 'cause there's a chance
We could make it through

Til now I've never had a broken heart in my life
Never had a pain so dark and deep
That it doesn't help to cry
How could I want to stand to protect me?
It hurts like hell but it resurrects me
Then it's time for you to go home
It wrecks me

I know you have more to lose
I think about it everyday
And no matter who you choose
I love you either way

Til now I've never had a broken heart in my life
Never had a pain so dark and deep
That it doesn't help to cry
How could I want to stand to protect me?
It hurts like hell but it resurrects me
Then it's time for you to go home
It wrecks me
It wrecks me
