

Pass The Pain

Sunny Sweeney

Bartender, don't shake your head at me,
I know exactly what I'm doing,
And I need another drink.

I know it ain't workin',
Oh, I've been here all day.
I don't care what you think,
Just pass the pain.

There ain't no courage in that bottle,
It don't give me strength,
Just wannna see how much,
I can take.
And If my money's still good,
Do your job like you should,
Slide some more hurtin' my way,
Just pass the pain.

Bartender, please forgive me,
If you can.
For giving you the hell I'm feelin',
I hope you understand.
This ain't me,
So if you don't mind,
Keep 'em comin',
That's okay,
I wanna feel it burn,
Just pass the pain.

There ain't no courage in that bottle,
It don't give me strength,
Just wannna see how much,
I can take.
And If my money's still good,
Do your job like you should,
Slide some more hurtin' my way,
Just pass the pain.

And if my money's still good,
Do your job like you should,
Slide some more hurtin' my way,
Just pass the pain.

Just pass the pain (pass the pain).
Bartender...
