

# Trophy

Sunny Sweeney

You call him in the middle of the night  
Saying you can't make ends meet  
Maybe you should've thought about that  
Before you made him take the backseat  
What makes you think he should fix your sink?  
He's a sink paying for your sins  
He knows I love him more than you ever loved him

I know what you call me, that word fits me to a T  
You just think I'm pretty and you're just full of jealousy  
I don't make him play the fool, put him on a pedestal is something you would never do  
Yeah he's got a trophy now, for putting up with you

You say I'm a wrecking ball  
Girl he says I'm the glue  
You always kick him when he's down  
Well it's hard to take a shine to you  
You wanna have your cake and eat it in my living room, I already clean your mess  
You can't stand that he loves me and I couldn't care less

I know what you call me, that word fits me to a T  
You just think I'm pretty and you're just full of jealousy  
I don't make him play the fool, put him on a pedestal is something you would never do  
Yeah he's got a trophy now, for putting up with you

Just thinking out loud but in the long run, don't a trophy mean  
you think he won?

I know what you call me, that word fits me to a T  
You just think I'm pretty and you're just full of jealousy  
I don't make him play the fool, put him on a pedestal is something you would never do  
Yeah he's got a trophy now, for putting up with you  
Putting up with you, for putting up with you  
Putting up with you, for putting up with you  
We ain't putting up with you
