

Don't Cry (Don't Think About It)

Sunrise Avenue

Please don't say that
Don't say you need to turn around
Keep moving baby
Forget the heartache
Forget the way it brought you down
And made you scared
I give you a reason to live in the moment
I swear you will find peace again
And be a new season, a brighter one baby
And you'll be stronger than the pain

I'm trying to help you leave your tears behind
this is the moment give them of your mind
Don't cry don't think about it
Don't cry don't think about it

Chin up baby your not alone in loneliness
I'm right here with you
What ever monster, what ever evil comes around we'll beat them
too
I give you a reason
Move on with me baby
There is far nicer things ahead
I'll gibe you a reason your not going crazy
Those fat sad eyes don't fit you dear

I'm trying to help you leave your tear behind
Thns is the moment give them of your mind
Don't cry don't think about it
Don't cry don't think about it
Don't make mistakes that you already made
Let got that save and you don't be afraid
Don't cry don't think about it
Don't cry don't think about it
Yeah
Don't cry don't think about it
Don't cry don't think about it
