

# It Ain't the Way

Sunrise Avenue

I know a way to something much better  
Hold it inside me  
I know a fairytale that's longer  
Than anyone will read  
I know a way to something much higher - Keep it inside me  
I know the way to touch the sky

Into the light we go, we're speeding  
With all headlights on  
I know the glory moment's approaching  
This can go so wrong  
I know a way to something much higher - Keep it inside me  
We're away from today and this time

It ain't the way to say I'm sorry  
It ain't the way to see my glory  
It ain't the way it ain't the way

I'm fed with gasoline I'm speeding  
Through the rough play zone  
I know timing's everything while we...  
You don't wanna know  
I know a way to something much higher - Keep it inside me  
We're far away from today and this time

It ain't the way to say I'm sorry  
It ain't the way to see my glory  
It ain't the way it ain't the way

The pain inside me  
Don't want to see you  
The rainy night around me  
The wind blows
