

# Out Of Tune

Sunrise Avenue

This is the moment that I should just say S.E.I.S.,  
this is the moment I know I chose the wrong way.

Another round of the shots,  
can't believe my eyes.  
Another dose of the stuff messing up my mind.  
How did I get so shamefully lost this way,  
how did it happen? I know there are rules to obey.

It's all a mess, I'm alone with sweat on me,  
don't wanna watch all the things that it makes me see.  
Can't stop taking it though I keep on trying.

Baby I'm out of tune  
and I can't get it in.  
Guess I'm fun for you,  
as I swim with the sin.  
I wanna get out of tune,  
it feels like being in love.  
Baby I'm out of tune.

You are the one who can mess up my head,  
I can't stand the love inside and it makes me sick.

Another round of the shots,  
can't feel my hands.  
Another dose I'm scared to understand,  
can't stop doing this though I keep on trying.

Baby I'm out of tune  
and I can't get it in.  
Guess I'm fun for you,  
as I swim with the sin.  
I wanna get out of tune,  
it feels like being in love.  
Baby I'm out of tune.

Out of tune

Baby I'm out of tune  
and I can't get it in.  
Guess I'm fun for you,  
as I swim with the sin.  
I wanna get out of tune,  
it feels like being in love.  
Baby I'm out of tune.
