

# Thank You

Sunrise Avenue

1. I thought that I  
could always count on you.  
I thought that nothing  
could come between us, too!  
We said as long as we will stick together we'd be alright we'd be  
okay.

But I was stupid and you broke me down.  
I'll never be the same again!

R: So thank you  
for showing me  
that best friends  
can not be trusted  
And thank you  
for lieing to me  
the friendship  
the good times we had  
you can have it back

2. I wonder why it always has to earn

that you have to lean  
I won't forget  
what you did to me  
when you showed me things  
I wish I'd never seen

But I was stupid and you broke me down  
I'll never be the same again!

R: So thank you...

when the... turned ecoured  
you mothered me my friend  
you'll be wishing I was there  
before you  
I'll be the one you miss the most  
but you'll only find my cars  
as time goes bny  
I wonder why  
you're all alone

R: So thank you... (3x)
