

Unholy Ground

Sunrise Avenue

I knew the minute you got close enough that I was in trouble
About to be eaten up by a calamity
I might not survive

You're gonna leave me, leave me bleeding and begging for mercy,
for rapture
In bleeding I know any second now I'll be crucified

Tear me down, here on unholy ground, built on alibi
Tear me down, we're on unholy ground, let your demons fly
Oh unholy ground

Takes one to know one
I'm no saint, no I got a feeling this time I'll pay
So reap what I'm sowing, when I tried to make you mine

Tear me down, here on unholy ground, built on alibi
Tear me down, we're on unholy ground, let your demons fly
Oh unholy ground

I knew the minute you got close I was in trouble

Here on unholy ground, built on alibi
Tear me down, we're on unholy ground, let your demons fly
Oh unholy ground

Tear me down, here on unholy ground, built on alibi
Tear me down, we're on unholy ground, let your demons fly
Oh unholy ground
