

What's The Story?

Sunrise Avenue

What's the story?
my pretty baby
can you believe your mouth when you say you don't wanna see me?
what's the story?
is it those big bad guys talking bad about me?
you should ignore them
should I believe your mouth when you say you don't really need me?
or do you mean it?
it must be something else in your mind

You should know
I'm the only one around who really cares
you should know
that you're the only one for me

I know there are times you feel unsure
there are times when you just want to let go
I hope you feel about this just like me
what's the story
(tell me)
what's the story
(can you tell me)

My pretty baby
can you believe yourself when you say you don't wanna love me?
what is it, baby?
is it those envy queens saying bad things about me?
we don't really need them

You should know
I'm the only one around who really cares
you should know
you're the only one for me

I know there are times you feel unsure
there are times when you just want to let go
I hope you feel about this just like me
what's the story
(can you tell me)
what's the story
(can you tell me)

I have you on my mind
think about you all the time
how do you feel about it all inside?
I have you on my mind
think about you all the time
how do you feel about it all inside?
I have you on my mind
think about you all the time
how do you feel about it all inside?

I know there are times you feel unsure
there are times when you just want to let go
I hope you feel about this just like me
what's the story
what's the story

(oh, what's the story)
