

Know My Name

Sunset Sons

I know you know my name
The reason why you came
I'm gonna stay here now
I'm gonna stay here now

You know I see you stare
And baby I don't care
I'm gonna stay here now
I'm gonna stay here now

You know I like your smile
You love your precious style
I'm gonna stay here now
I'm gonna stay here now

So when I see you go
Do you know my name?
Do you know my name?

So when I see you go
Do you know my name?
Do you know my name?

I'm gonna take some time
So I can make you mine
I'm gonna stay here now
I'm gonna stay here now

I'm gonna hold your hand
Be with you where you stand
I'm gonna stay here now
We're gonna leave here now

Don't wanna see you go
Do you know my name?
Do you know my name?

Don't wanna see you go
Do you know my name?
Do you know my name?

Don't wanna see you go
Do you know my name?
Do you know my name?

Don't wanna see you go
Do you know my name?
Do you know my name?
