

## Crimson Curse

Sunshine

unbelievable sources  
they're taking me back  
the time we had nothing  
nothing to wreck  
it's all evolution  
but the fire is out  
weak revolution  
a glitch in my heart  
she said, please - love me tender  
it's not a surprise  
i'm technically dying  
technically dying  
killing me softly  
and watching the sunrise  
sober, i'm flying  
sober, i'm flying

i'm coming from journeys  
inside of my head  
i cannot sleep  
in my own bed  
where you can find me  
it's not a surprise  
will you come home?  
we can catch the sunrise  
she said, please - love me tender  
and don't let go  
unbroken pieces  
unbroken pieces  
keep quiet defender and let it go  
unspoken voices  
unspoken voices  
do what you feel now  
watch me kill the radio  
do what you feel now  
watch me kill the radio

the blood turns to light  
the power is cut  
before it gets dark  
you can smell the night  
here we go again  
cause it's cold outside  
with all i know  
what's left inside  
cruising on my feet  
down the baltimore street  
i'm broken to pieces  
broken to pieces  
one last breath  
of the baltimore street  
i'm fucked to the pieces  
fucked to the pieces

do what you feel now  
watch me kill the radio

do what you feel now  
watch me kill the radio

do what you feel now  
watch me kill the radio

do what you feel now  
watch me kill the radio

do what you feel now  
i miss you,  
i miss you

do what you feel now  
i miss you,  
i miss you,  
i miss you,  
i miss you

do what you feel now  
watch me kill the radio

do what you feel now  
watch me kill the radio

do what you feel now  
watch me kill the radio
