

Punk and Chic

Sunshine

nothing ever goes my way-
I am paralyzed
fuck heroin addicted angels
healthy, fresh but almost dead
single face - scorpions close to the ground
I am sure love can die
this is the day of my decisions
I am sure love can die!

I am selling drugs to friend of mine
doesn't matter why
colorless jungle sucks
too many games we have to play (I guess)

she means the world for me because
it's not a world anymore!

I am laying down in the dirt, whatever
vipers and victims
I don't give a fuck about who is who
eyes do close a wait for mercy
she is a punk enough
she is a bitch
too many games we have to play, baby
you're extremely chic, you're a punk queen
but I am sure
love can die!

vipers and victims, scorpions close to ground
doesn't matter why - love can die
colorless jungle sucks
too many games we have to play
even
love can die
