

# Gina

Sunstorm

Nowhere to run, i know  
She's got the best of me  
The deed is done; heaven knows  
She wants the rest of me

And it's much too late  
I'm caught up in the fantasy  
Oh, and there's no escape  
My running' days are history

Gina, gina, girl i surrender  
Gina, gina, i'm over my head  
Gina, gina, say it's forever  
Never been in love this way  
Never been in love this way

I've been on the loose, so long  
Love couldn't hold me down  
The flame in you was so strong  
Girl you turned my heart around

Now i'm losing' sleep  
Can't get you out of my head  
Think i'm in too deep  
I'm a slave to every word that you said

Gina, gina, girl i surrender  
Gina, gina, i'm over my head  
Gina, gina, its forever  
Never been in love this way  
Never been in love this way
