

# Never Give Up

Sunstorm

You wouldn't believe how much i miss you  
The sound of your voice still echoes  
Inside my lonely mind  
I just couldn't see how far we drifted  
'cause we were so close  
But now we're oceans apart

I've searched the world to find  
A way to make you mine  
'cause i can't let go  
But i can't hold on, anymore

Never give up, never give in  
If you believe it, you can win  
There are things that blind and control you  
But don't let those thoughts get to you

Never give up, never give in  
If you believe it, you can win  
Let the hope and dreams seduce you  
Let the force of life run through you  
Never give up  
Never give up

I've never been good with second chances  
The taste of your kiss still sweetens  
The tears we left behind

I wish that i could find  
A way to turn back time  
'cause i can't let go  
But i can't hold on, anymore

Never give up, never give in  
If you believe it, you can win  
There are things that blind and control you  
But don't let those thoughts get to you

Never give up, never give in  
If you believe it, you can win  
Let the hope and dreams seduce you  
Let the force of life run through you  
Never give up  
Never give up

If is the way it's supposed to be  
I shouldn't deny it  
So why even fight it anymore?

Never give up, never give in  
If you believe it, you can win  
There are things that blind and control you  
But don't let those thoughts get to you

Never give up
