

# The Spirit Inside

Sunstorm

One chance  
One day  
It won't come around  
I've been waiting  
For a sign of life

So many promises  
I can't let them go  
There's still  
So much to say  
And i just need to know

If all you had was  
One chance  
To turn this around  
Would you have  
The spirit inside  
If all you had was  
One chance  
To take what you need  
From life  
Would you have  
The spirit inside

Lonely memories  
They burn in the night  
I'll keep you close to me  
'til the pain runs dry

If all you had was  
One chance  
To turn this around  
Would you have  
The spirit inside  
If all you had was  
One chance  
To take what you need  
From life  
Would you have  
The spirit inside

One chance  
To turn this around  
Would you have  
The spirit inside  
If all you had was  
One chance  
To take what you need  
From life  
Would you have  
The spirit inside
