

## Atomik Lust

## Super Furry Animals

If your moon should eclipse me  
And block out my sun  
Ride on typhoons and hurricanes  
Watch skymap on re-run  
Fine times to walk on wine  
Heads down, no stress  
Find some atomik lust  
Whenever more or less  
So long, the thrills long gone  
No more duress  
No more atomik lust  
Whenever more or less  
Let's get our shit together  
Insane with crack brains  
I'd love to see the ending someday  
Of Citizen Kane  
Fine times to walk on wine  
Heads down, no stress  
Find some atomik lust  
Whenever more or less
