

## Cloudberryes

### Super Furry Animals

She came into the room, didn't know her name  
How I danced inside, no one to confide  
In the darkest winter  
I made a sound like a long lost humming bird  
Took a circle of friends to the village square  
Old love triangles made us so aware  
Of a distant era but we're still here  
To sing as humming birds
