

There's a shadow across the sea  
A phantom power that's pestering me  
A spectre as bold as stone  
I say "no! Go!"  
It's summer snow  
Well you can fathom that something is wrong  
When they're making a dance and a song  
'Bout some useless excuse of a thing  
I say "no! Go!"  
It's summer snow  
People!  
Show me a place where we're never confronted  
By things we never needed  
People!  
Show me a place that isn't corrupted  
And peace interrupted  
People!  
Show me a place where we're never confronted  
By things we never wanted  
People!  
Show me a space that isn't corrupted  
And peace interrupted  
I say "no! Go!"  
(Summer sun, summer rain, summer snow)  
It's summer snow  
I say "no! Go!"  
(Summer sun, summer rain, summer snow)  
To summer snow  
I say "no! Go!"  
(Summer sun, summer rain, summer snow)  
It's summer snow  
I say "no! Go!"  
(Summer sun, summer rain, summer snow)
