

Girl

Superbus

Girl, girl, girl, your beautiful face is like a big
mistake
But it's time to learn, you'll see some people who will
spit in you face
Some other girls who will be full of hate,
But you know poor girl, it's a sad sad world

You say you're fine, but you lie, and you cry,
Let me see how you really smile, girl !

Girl, girl, girl, don't be afraid of feeling sexy,
you know they're wrong and you know that maybe
The just don't see your true beauty

You say you're fine, but you lie, and you cry,
Let me see how you really smile, girl !

And you know poor girl, it's a sad sad world

You say you're fine, but you lie, and you cry,
Let me see how you really smile, girl !

And you know poor girl, it's a sad sad wordl

You say you're fine, but you lie, and you cry,
Let me see how you really smile, girl !
