

Over You

Superbus

Touch your lips and give me kisses
Be my slave, my heart is in pieces
Lick my fingers, be the one
Don't stop talking and I'll be fine

Ah....I won't get over you (3x)

You bite my neck and I feel your skin
What can I say? Or what do you mean?
I wanna touch something, low brow
Let it go, let I go with the flow

Ah....I won't get over you (3x)

Talk to me slowly Talk to me Breathe,Breathe (2x)

Touch your lips and give me kisses
Be my slave, my heart is in pieces
Lick my fingers, be the one
Don't stop talking and I'll be fine

Ah....I won't get over you (6x)
