

## Over You

Superbus

Touch your lips and give me kisses  
Be my slave, my heart is in pieces  
Lick my fingers, be the one  
Don't stop talking and I'll be fine

Ah....I won't get over you (3x)

You bite my neck and I feel your skin  
What can I say? Or what do you mean?  
I wanna touch something, low brow  
Let it go, let I go with the flow

Ah....I won't get over you (3x)

Talk to me slowly Talk to me Breathe,Breathe (2x)

Touch your lips and give me kisses  
Be my slave, my heart is in pieces  
Lick my fingers, be the one  
Don't stop talking and I'll be fine

Ah....I won't get over you (6x)
