## **Feeling Like I Do**

Superdrag

Come on baby. get me into the car. Out on a bender and waiting for you. Get me out of the bar. I don't feel like staying. I just want something to do. I just wanna sleep it off with you. pour me into you. Come on baby. Get up just to get down. Out on a bender and waiting for you. Count me out on the town. I don't feel like staying. I just want something to do. I just wanna sleep it off with you. Pour me into you. I don't want you feeling like I do. Yeah yeah. I just want you twisted with me too. Yeah yeah. I don't know what I've been trying to prove. Yeah yeah. Every time I get too fucked to move. Yeah yeah. Come on baby. Get me into the car. Out on a bender and waiting for you. Get me out of the bar. I don't feel like staying. I just want something to do. I just wanna sleep it off with you. Pour me into you. I don't want you feeling like I do. Yeah yeah. I just want you twisted with me too. Yeah yeah. I don't know what I've been trying to prove. Yeah yeah. Every time I get too fucked to move. Yeah yeah. I don't want you feeling like I do. Yeah yeah. I just want you twisted with me too. Yeah yeah. I don't know what I've been trying to prove. Yeah yeah. Every time I get too fucked to move. Yeah yeah.
