

My Day (Will Come)

Superdrag

My day will come,
Burn like the sun,
Can't smoke it out,
What have I done?

Take me away,
Maybe I don't want you to get in the way of wanting to be with
you

We could be there,
Or am I too square?
Can't be no doubt,
Taking my dare

Take me away,
Maybe I don't want you to get in the way of wanting to be with
you

My day will come,
Burn like the sun,
Can't smoke it out,
What have I done?

'Til you come around,
I'm ready to be, ready to be,
ready to be down
