

## Sugar

Superdrag

Looking for a kiss that'll knock me out  
Sugar numb my lips again  
Cause I know the score  
I know the score  
Looking for a girl that'll stick around  
That'll let me down slow  
Cause I know the score  
I know the score  
Could it be you? I got nothin else to do  
And I've got no thing to lose  
Give me a shot  
Could it be real? I got nothing left to steal  
And I'm too fucked up to feel  
Give me a shot  
Here I am give me what you got  
Looking for a gas that'll get me high  
That'll get me there fast  
Cause I need the score  
Looking for a girl that'll stick around  
That'll let me down slow  
Cuase I know the score. I know the score  
Could it be you...
