

# Believer

Supergrass

Drive through town in a left-  
hand drive cross the streets to the other side  
I lost my line on the dashboard while I really don't know  
I'm a believer, I'm a believer, I'm a believer,  
I'm a believer, I'm a believer, I'm a believer,

We don't know what's the colour of our message  
And we don't care if it's not enough for you  
And if we tried some new process of selection  
Not surprised though it's really nothing new

Drive through town in a left-  
hand drive cross the streets to the other side  
I lost my line on the dashboard while I really don't know  
I'm a believer, I'm a believer, I'm a believer,  
I'm a believer, I'm a believer, I'm a believer,

I'm a believer, I'm a believer, I'm a believer,  
I'm a believer, I'm a believer, I'm a believer,
