```
Drive through town in a left-
hand drive cross the streets to the other side
I lost my line on the dashboard while I really don't know
I'm a believer, I'm a believer, I'm a believer,
I'm a believer, I'm a believer,
```

We don't know what's the colour of our message And we don't care if it's not enough for you And if we tried some new process of selection Not surprised though it's really nothing new

```
Drive through town in a left-
hand drive cross the streets to the other side
I lost my line on the dashboard while I really don't know
I'm a believer, I'm a believer, I'm a believer,
I'm a believer, I'm a believer, I'm a believer,
I'm a believer, I'm a believer, I'm a believer,
I'm a believer, I'm a believer, I'm a believer,
```
