

## Born Again

Supergrass

Whatever you want, it's all right,  
There's still a place in my heart, it's all right  
There's something calm  
You'll need no arms  
You're over the moon, she said

You keep me warm  
Some other fawn  
You're over the moon, she said

Whatever you want, it's all right,  
There's still a place in my heart, it's all right  
Whatever you want, it's all right,  
There's still a place in my heart, it's all right
