

Grace

Supergrass

Well we jumped all night on the trampoline
and when you kissed the sky it made your sister scream
you ate our chips
and you drank our coke
then you showed me mars through your telescope
wooho Grace
save your money for the children
wooho Grace
save your money for the children
woo ho Grace
save your money for the children
woo ho grace
save your money for the children
oh grace
save your money for the children
wooho grace
save your money save your money
well you sang your songs and you made us laugh
so we captured you in a photograph
and when the stars came out your mother called your name
but when the morning comes we'll get together again
wooho Grace
save your money for the children
wooho Grace
save your money for the children
