

## Moving

Supergrass

Moving, just keep moving,  
Till I don't know what's sane,  
I've been moving so long,  
The days all feel the same,

Moving, just keep moving,  
Well I don't know why to stay,  
No ties to bind me,  
No reasons to remain,

Got a low, low feeling around me,  
And a stone cold feeling inside,  
And I just can't stop messing my mind up,  
Or wasting my time,

There's a mow, low feeling around me,  
And a stone cold feeling inside,  
I've got to find somebody to help me,  
I keep you in mind,

So I'll keep moving, just keep moving,  
Well I don't know who I am,  
No need to follow,  
There's no way back again,

Moving, keep on moving,  
Where I feel I'm home again,  
And when it's over,  
I'll see you again,

Got a low, low feeling around me,  
And a stone cold feeling inside,  
And I just can't stop messing my mind up,  
Or wasting my time,

There's a low, low feeling around me,  
And a stone cold feeling inside,  
I've got to find somebody to help me,  
I keep you in mind.
