

# Nothing More's Gonna Get In My Way

Supergrass

If I told you something  
Would you make it disappear?  
Will you know what I would say?  
A broken heart it is at here

Nothing more's gonna get in my way  
Nothing more's gonna get in my way, yeah  
Nothing more's gonna get in my way  
Nothing more's gonna get in my way, yeah, yeah, yeah

Yes, I'm here, I'm alone again  
With everybody in my head  
Let me tell you honestly  
Understand that I just don't care

Will you know what I would say?  
You broke my mind but now I'm here

Nothing more's gonna get in my way  
Nothing more's gonna get in my way, yeah, yeah  
Nothing more's gonna get in my way  
Nothing more's gonna get in my way, yeah, yeah, yeah

Nothing more's gonna get in my way  
Nothing more's gonna get in my way, yeah  
Nothing more's gonna get in my way  
Nothing more's gonna get in my way, yeah

Nothing more's gonna get in my way  
Nothing more's gonna get in my way, yeah
