

Nothing More's Gonna Get In My Way

Supergrass

If I told you something
Would you make it disappear?
Will you know what I would say?
A broken heart it is at here

Nothing more's gonna get in my way
Nothing more's gonna get in my way, yeah
Nothing more's gonna get in my way
Nothing more's gonna get in my way, yeah, yeah, yeah

Yes, I'm here, I'm alone again
With everybody in my head
Let me tell you honestly
Understand that I just don't care

Will you know what I would say?
You broke my mind but now I'm here

Nothing more's gonna get in my way
Nothing more's gonna get in my way, yeah, yeah
Nothing more's gonna get in my way
Nothing more's gonna get in my way, yeah, yeah, yeah

Nothing more's gonna get in my way
Nothing more's gonna get in my way, yeah
Nothing more's gonna get in my way
Nothing more's gonna get in my way, yeah

Nothing more's gonna get in my way
Nothing more's gonna get in my way, yeah
