

Sitting Up Straight

Supergrass

Sitting up straight on the back of a bus,
Mimiking time as evening turns to dusk
Look at the boy with his face on the floor
So I have a little smoke to pass the time of day
Oh yeah, oh yeah...

He's like me, he would do anything to get away
I know, can you believe it everyday
I know I can't believe in you
It means everything and every pound of me

Sitting up straight on the back of a bus,
Mimiking time as evening turns to dusk
Look at the boy with his face on the floor
So I have a little smoke to pass the time of day
He's like me, he would do anything to get away
Hey hey, hey hey

I know, can you believe it everyday
I know I can't believe in you
It means everything and every pound of me

Stand up straight
Stand up straight
Stand up straight
Stand up straight
Stand up straight
On the back of a bus
On the back of a bus
On the back of a bus
On the back of a bus
On the back of a bus
