

## Stupid, Stupid Man

### Superjoint Ritual

Celebrate your yellow eyes, no intention, self prevention  
A horror tide, death for dead, borrowed time, a hallowed life  
You're fucking dead...you're fucking dead

Hungry for the mother love, you instigate a situation  
Half a head, half a body, baby rapist, dickless wonder  
You're bought and sold, you're bought and sold

Crap full, not sure, my fears  
The rain comes, like blood  
Invented, for your amateur soul...

Kiss it goodbye
