

Home Again

Supertramp

Many is the time that a dream has gone wrong
When you're with me
Many is the time when the blame went to you
Please forgive me
But the truth is my friend
And the world isn't quite as I thought it to be
Oh no, I wish I were back home again
Oh no, I wish I were back home again
Oh no, I wish I were back home again
La la la, I wish I were back home again
