Tell me 'bout ya feelings in wild rain
Tell me 'bout the beauty with no fame
Tell me 'bout the things I haven't seen
Tell me 'bout your every little mystery
All I want to know that you're my only rising star
Tell me 'bout ya feelings in ya head
Gotta tell me 'bout the times you look so sad

Feel you (look so sad), feel you, feel you, feel you

Tell me 'bout ya feelings in wild rain
Tell me 'bout the blood runs in your veins
Tell me 'bout the mornings which we've spent
'bout the days and nights, I wish they would never end
Mornings wake me up and you're in my mind
And the only way to heal is take a time

All I want to know if that was real
Wake me up I'm dreaming that's surreal

You don't know why I should feel
You think you're dreaming but I'm real
You close your eyes and see
There is no surprise there's just you and me

You don't know why I should feel
You think you're dreaming but I'm real
You close your eyes and see
There is no surprise there's just you and me

Feel you, feel you, feel you, feel you
Feel you, feel you, feel you, feel you
