

Are you looking for a trouble with another guy
Really looking for a trouble with another guy
But it's so hard to get an invitation to
Thought you're looking for a trouble with another guy

Took the whipping made trouble with another guy
'Cause it's such a burn up to get an invitation to another whipping
made a trouble with another guy
Do you care for an invitation when I do know
the whole thing's a little madness
If you know not independence, see then you're left to me

I was looking for a trouble with another guy
Took the whipping made trouble with another guy
But it's still so hard to get invitation to another whipping
made a trouble with another guy

Do you care for an invitation when I do know
the whole thing's a little madness
If you know not independence, see then you're left to me

Are you looking for a trouble with another guy
Really looking for a trouble with another guy
But it's so hard to get an invitation to thought
You're looking for a trouble with another guy
Thought you're waiting for a trouble with another guy
