

I Was Wrong

Support Lesbiens

I'm no buddhist temple
I'm not bloody right
I'm not sitting in my whole life
Giving two fucks who maybe right

I'm no buddhist temple
I'm not bloody right
I'm just cutting up my whole life
Wondering if I'm just looking sight
I'm not setting standards
I ain't got a sheriff's badge
I'm just giving up my whole life
Sitting at a bus stop being sad
And I was wrong

When nobody knows I'm weeping
My redemption shows
Whenever I got to break down
Never let me go

I'm no buddhist temple
I'm not bloody right
I'm not sitting in my whole life
Giving two fucks who maybe right
I'm not looking downwards
I ain't gonna be that bad
Done with fucking up my whole life
Sitting at the bus stop being sad
Cause I was wrong

When nobody knows you're weeping
Your redemption show
Whenever you got to break down
Never let that go

I'm not setting standards
I ain't got a sheriff's badge
I'm just giving up my whole life
Sitting at a bus stop being sad
And I was wrong

When nobody knows I'm weeping
My redemption shows
Whenever I got to break down
Never let me go
