1. Out to roam in the sky  
Just playing with the wrong dark sands  
Like animals in the Zoo, fools  
Smashing and veering for sure thing about me  
Crashing and dreaming of one thing  
It's more than hoping, want to say it  
Comets taunt orion  
A come down look on you

R: Dreams no one talks about  
Sleeping for nothing  
No, no, wouldn't keep me down  
No, no, wouldn't keep it down

2. Out to roam in the sky  
Just taking the law in your own hands  
It's terminal what I do rules  
Cover the pain that I'm feeling, devours me  
Imagine the freedom of dreaming  
It's more than hoping, want to say it  
Comets taunt orion  
A come down look on you

R: Dream what they talk about  
Dreaming of nothing  
No, no, wouldn't keep me down  
No, no, wouldn't keep it  
I'm a dreamer they talk about  
Nothing is something  
No, no, wouldn't keep me down
